You have the right not to divulge this information to us, if you do not wish to do so.

In that case, we are required to warn you about the possible consequences of us not having your full personal information. You should read the warnings in the SOA carefully.

What should I know about the risks of the financial products you recommend to me?

We will explain to you any significant risks of financial products and strategies which we recommend to you. If we do not do so, you should ask us to explain those risks to you.

What information do you maintain in my file and can I examine my file?

We maintain a record of your personal profile, which includes details of your objectives, financial situation and needs. We also maintain records of any recommendations made to you.

We are committed to implementing and promoting a privacy policy which will ensure the privacy and security of your personal information. Our privacy policy is available on our website www.akambofg.com for your information.

If you wish to examine your file, we ask that you make a request in writing and allow up to fourteen (14) working days for the information to be forwarded.

Managed Discretionary Account service

We use an independent MDA service provider. We offer limited types of Managed Discretionary Account services (MDA services) within approved investment platforms. Through these services, you allow us to manage your investments for you, using our discretion and without obtaining your instructions before each transaction we undertake on your behalf. The MDA service only allows us, or the investment manager, to make changes to the investments within your account.

Please note that we do not hold our own MDA licence, and the MDA service provider takes instructions from us and actions these on your account.

MDA Service Agreement & Investment Program

We will provide you with an SOA where we recommend you enter an MDA service. The SOA will explain why we believe the service is appropriate for you. It will also set out the terms and conditions of the MDA service and the Investment Program including:

- statements about the nature and scope of the discretions we will be authorised and required to exercise under the MDA contract
- any investment strategy that is to be applied in exercising those discretions
- information about any significant risks associated with the MDA contract
- the basis on which we consider the MDA contract to be suitable for you, and
- warnings that the MDA contract may not be suitable to you if you have provided us with limited or inaccurate information. It will also specify that the MDA service may cease to be suitable for you if your relevant personal circumstances change.

What are the risks associated with using the MDA service?

By authorising us to make changes to your investments, you cannot claim we were not acting on your behalf if we acted within the authority given. Therefore, our acts bind you. It is important you understand what we are authorised to do and that you carefully read and understand the activities that you are authorising us to do on your behalf.

How can you instruct us to exercise rights relating to financial products in your portfolio?

Generally, the financial products that we invest in on your behalf do not have any additional rights or entitlements attached to them. However, if there are, we will let you know. You can then instruct us how you wish us to proceed.

Do you have to enter into a contract for us to provide MDA services?

Yes. This MDA contract will set out the terms and conditions of the authority and also the investment program, which

sets out how your money will be invested. We will agree and prepare the investment program for you based on your relevant personal circumstances, your financial objectives and your needs and review the program every 12 months.
